Maddow said he refused to give the package from Derkach to the FBI. Problem is he gave it to FBI without even opening it. So Maddow is in a little trouble here.

Got email from Michael Warren of CNN on Dec 11 asking if we received Derkach letter. Received same question from Vera Bergengruen of Time on Jan 14, who included a copy of a letter she said Derkach had claimed he sent us.

Kyle Cheney poking around for another story on Derkach package. Looks like he doesn't have much beyond Breitbart piece and newly released transcript of our business meeting.

Just got this from Kyle Cheney:

Hi Jack -- I hope you're well. We received information that Congressman Nunes was in receipt of a package of materials from Andrii Derkach that may have included tapes or other derogatory information about Joe Biden. This package, along with others sent to several Republican members of Congress, were referenced in Speaker Pelosi and Leader Schumer's classified letter to the FBI yesterday. I was curious if he recalled receiving this package and what he did with it when it arrived.

This package, along with others sent to several Republican members of Congress, were referenced in Speaker Pelosi and Leader Schumer's classified letter to the FBI yesterday. I was curious if he recalled receiving this package and what he did with it when it arrived. Democrats seem to be suggesting the material is part of a foreign influence operation aimed at the 2020 election. I am unaware of their basis for this, but I'm curious if the congressman shares their concern.

LOL of course
